Join the EurIPS Startup Village

What is the EurIPS Startup Village?

For decades, <u>NeurIPS</u> has been the premier gathering for top AI researchers, entrepreneurs, investors, and tech giants—drawing thousands of participants and hundreds of startups and larger companies annually. It is where breakthrough research first emerged, where **startups found talent and funding,** and where many of today's leading AI companies took shape.

This year, in order to make the conference more broadly accessible, we are establishing a European presentation venue for **NeurIPS**, called <u>EurIPS</u>. It will take place at the Bella Center in Copenhagen, Denmark, from **December 3–7**, featuring three days of keynotes, research talks, and startup showcases, followed by two days of community-led workshops.

Co-developed by **ELLIS**, endorsed by **NeurIPS** and **Nordic AIR**, EurIPS is Europe's gateway to global AI innovation offering unmatched visibility and networking across academia and industry.

Startups are at the heart of EurIPS 2025. Participating startups will have a dedicated booth and one full access registration to the main conference, with the opportunity to showcase their work to leading AI researchers and industry experts, spark collaborations, gain global visibility, attract top talent, and even find solutions to their toughest challenges.

Why Join?

- A unique brand and visibility opportunity for any European startup
- Opportunity to pitch your work during pitch events and hire world-class researchers and engineers
  - There will be dedicated time for **Startups AI Talent Pitches** for selected teams
- Get on the radar of top global AI talent
- Learn from the forefront of AI, directly from those building it
- Connect for potential partners, clients, and collaborators
- Join the "EurIPS" story

Who is Eligible?

Founders, CTOs, or heads of AI from startups where AI is central to the business, and with funding or revenue to hire ranging from interns to full-time roles.

How to Join?

Acceptance to the EurIPS Startup Village is by application. The application deadline is October 30 with notifications of acceptance sent out in early November. Given the limited slots, priority will be given to earlier applications so please make sure you apply as quickly as possible. You can find the application form here: https://forms.office.com/e/VE3w48a1R5.

Don't want the hassle of an application process?

The startup village is a special initiative for small startups. If you represent a larger company or just want to avoid the application process, you are also welcome to choose one of our regular sponsorship packages: https://eurips.cc/become-sponsor/.
